

JANUARY TO MAY 2022 SUMMARY REPORT

For the last 2 years (2020 and 2021), we were hit by COVID19 and our children were not able to attend school. We carried on with home-schooling programs, together with volunteer teachers. Deborah Women in Business activities moved on normally. We thank God for all the developments that occurred and for the continuity of our vision. We thank God that we were able to carry on with all the pending tasks from the previous year (2021), and more of what has been accomplished is reflected;

Accomplishments:

- We have over 10 children included in the BLCDF scholarship program. These children get all scholastic materials and tuition fees paid.
- We have had our gardening projects continued, and for this first season in the year, we have had Maize, Soybeans, and Groundnuts planted.
- The knitting class is moving on well. Ladies are now able to make table mats. We were able to get a new trainer after Barbara, our first trainer left.
- We have had the operations expenses tried to be attended to. Expenses include power, security, meetings, DWIBC activities, meetings, etc.
- An accounting software payment was made.
- We received the phase 1 school (Agape Start Christian School) construction donation in mid-April

- A deposit was made on the purchase of the second motorbike for DWIBC activities and ASCS
- We had Elly Lwanga join the staff to carry on with the children's scholarship program
- We have successfully been able to attend monthly zoom and local meetings.
- The Wori Hub (sewing/knitting/crocheting) had the tailoring ladies showcase the dresses they had learned to make.
- We had the freehand drawings added to the website, which were drawn by our children.
- A website subpage for the ASCS and school email was created.
- We had pillow cases(with the child's name) shipped from the NZ family

Plans for the Next 6 Months

- Get more sponsors for our children - as this will help the school move well once it begins next year 2023
- School construction to begin in June.
- Motorbike purchase, once fully cleared.
- Desktop and extra laptop (for school) purchase
- Banana plantation set up
- Piggery project to begin – as a sustainability project for the school
- Purchase a small plot for staff, the housing of some children and hosting place for overseas visitors
- Women's business forum to be held in July
- Child Education campaign to be held in Term 3
- School holiday bible program Term 2
- Christmas/ thanksgiving celebration (end of Term 3)
